9:41

Follow-up

Original question

A prioritization decision with incomplete information

What specific decision did you personally make at that point?

Answer the follow-up

00:00

Start recording

Back

9:41

< Feedback

Biggest gap

You still did not make your personal ownership explicit enough.

Why it matters

Interviewers must see what you personally decided or drove.

Redo priority

Name your decision, tradeoff, and result before adding team context.

Redo outline

1. Set context in one sentence.
2. State the decision you owned.
3. Explain the tradeoff.
4. Close with the result.

Strongest signal

You picked a relevant example with real business context.

Assessment

Answered the question	Strong
Story fit	Strong
Personal ownership	Weak
Evidence and outcome	Mixed

Redo this answer

9:41

< Redo

Redo priority

Focus on the decision you personally made.

Outline

1. Context
2. Your decision
3. Tradeoff
4. Result

Original question

Tell me about a high-stakes prioritization decision with incomplete information.

One guided redo

00:00

Start recording

Back

9:41

Result

Practice complete

Redo review

Partially improved

Your decision was clearer and reduced the team-level vagueness.

Still missing

The result needs one metric or business outcome to be fully convincing.

Next attempt

Add one measurable outcome on the next practice round.

Your original feedback is saved in History.

Start next

Back home

9:41

Result

Practice complete

Redo review is unavailable. Your original feedback is saved.

Original feedback

Biggest gap: personal ownership was not explicit enough. Redo priority: name your decision, tradeoff, and measurable result.

Prioritization decision

Apr 21 · Ownership · Partially improved

Question

Tell me about a difficult prioritization decision with multiple stakeholders.

Follow-up

What exactly did you personally decide?

Feedback

Biggest gap: personal ownership was not explicit enough. Redo priority: decision, tradeoff, measurable result.

Redo review

Partially improved. Still missing one concrete metric.
